THE LODGE AT LITTLE DUCK

A FULL SERVICE FLY-IN HUNTING AND FISHING LODGE

WELCOME.

Welcome to The Lodge at Little Duck, Arguably one of the Finest Full Service Fly-in Fishing and Hunting Lodges in Canada's Magnificent North Country.

The Lodge at Little Duck is located in the heart of Northern Manitoba's Sub Arctic Wilderness, a fascinating land that has changed little over time. Enjoy the quality and comforts of our Northern 5 Star Lodge and all we offer. Over 150 miles separates us from the closest road or intrusion, making the wilderness experience at The Lodge at Little Duck even more adventurous. Located 255 miles straight north of Thompson Manitoba, our chartered turbo prop aircraft brings you safely to our 4000' private airstrip.

This is the land of the midnight summer sun, the crystal clear lakes that are filled with trophy Northern Pike and Lake Trout and the rivers and streams that are home to Trophy Arctic Grayling.

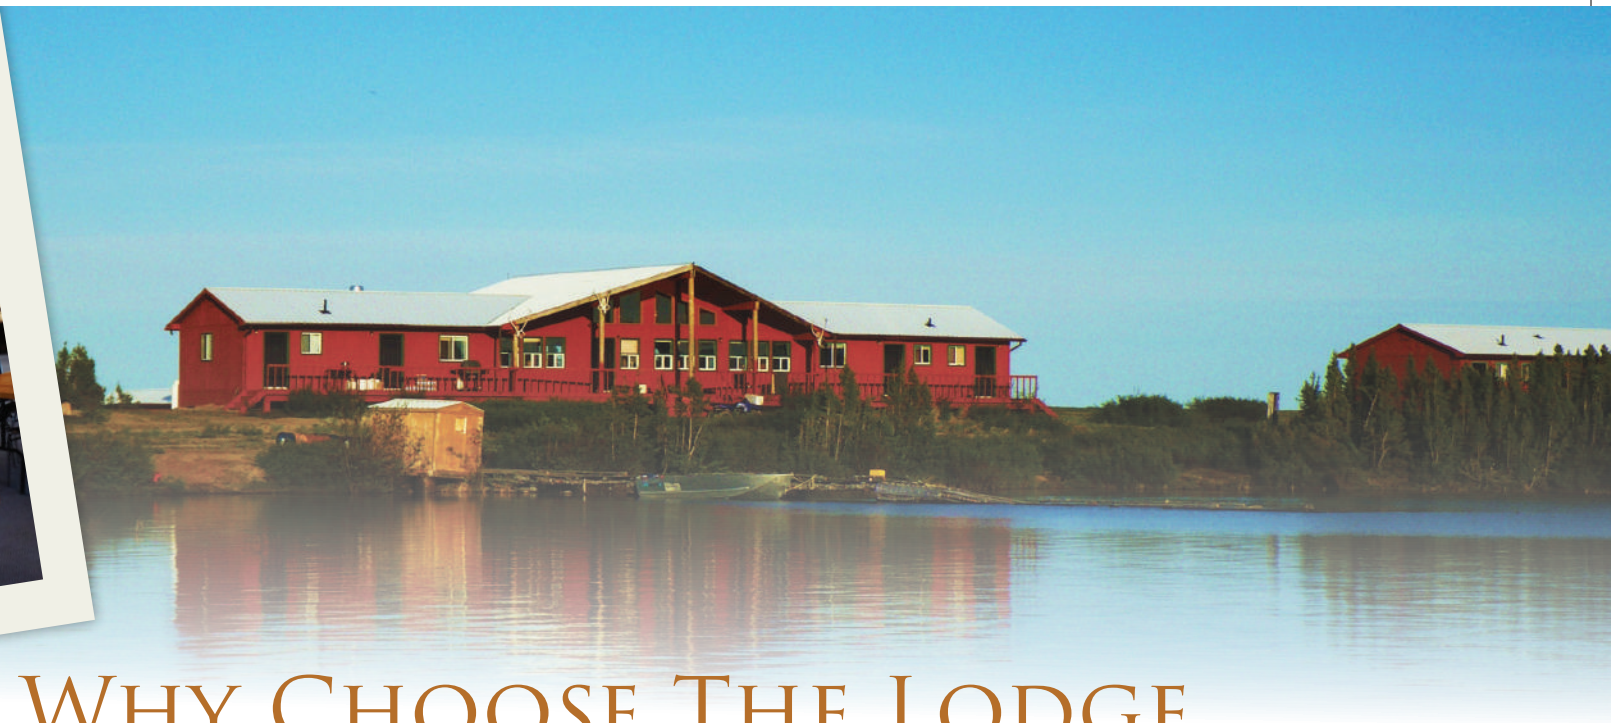

This magnificent part of Northern Manitoba is also home to the Qamanirjuaq Caribou Herd that according to the latest survey is still estimated at well over 450,000 animals. These Central Barren Ground Caribou have used both our front and backyard for their annual fall migration for centuries.

No other lodge this far north welcomes its guests to the convenience and comforts of an all inclusive Northern 5 Star Lodge complete with chef prepared meals, individual cabin accommodation featuring private 3 piece ensuite with hot and cold running water, thermostatically controlled electric heat, 24 hour a day power and a fully modern Main Lodge.

Plain and Simple, The Lodge at Little Duck offers incredible fishing and hunting adventures, spectacular scenery and exceptional lodging, meals and service. Our experienced, dedicated and highly motivated team will provide you with the friendly and personalized service that will make you want to return year after year.

Please join us this season at The Lodge at Little Duck for a "world class" wilderness adventure that will inspire memories for years to come.

WHY CHOOSE THE LODGE AT LITTLE DUCK?

Exclusivity

We are the only lodge on the lake. You will never see another boat unless it is a fellow guest at the lodge. As a matter of fact the closest town is over 150 miles away. Our backyard has over 200,000 acres of lakes, rivers and streams to fish, hunt and explore.

Personalized Service

We generally cater to only 12-16 fishing guests and 8-10 hunting guests at any one time. This allows us to provide highly personalized service to each and every guest.

Conservation

We have practised CPR ("catch, photograph and release") for over 35 years. Long before it was popular to do so.

Modern Amenities

Cozy and well-appointed guest cabins with private 3 piece ensuite. Fully modern Main Lodge. Chef prepared meals along with friendly and courteous service. Internet available in both main lodge and cabins along with free long distance internet phone.

Convenience

Private 4000 ft. airstrip located minutes from the main lodge allows us to utilize different aircraft for different situations.

Complimentary

Use of quality fishing rods, reels and tackle. Also included - beverage service, wine with dinner, pop and bottled water.

WE LOOK FORWARD TO SEEING YOU IN THE NORTH THIS YEAR

FISHING

Come and Experience the Incredible Fishing Adventures that Await you on Little Duck and Neganilini Lakes and the Wolverine River System.

The Manitoba Monsters

Fish for Trophy Northern Pike, Lake Trout and Arctic Grayling at our remote Northern 5 Star Wilderness Lodge.

We are located on the northern shores of Little Duck Lake, which provides easy access to Neganilini Lake and others via the Wolverine River System. These waters are virtually untouched and provide unlimited opportunities to catch Trophy Northern Pike, Lake Trout and Arctic Grayling. This entire system has it all, hundreds of miles of shoreline with numerous shallow weedy bays, deep holes, mid lake reefs, open water structure and fast moving rivers and streams, providing the ideal structure on any given day to catch these amazing fish. Guests have battled Pike up to 52.5", Lake Trout up to 48" and a Manitoba record 22.5" Grayling was caught within eyesight of The Lodge.

Whether your passion is fly-fishing, casting a lure, or both, the waters surrounding The Lodge at Little Duck is truly a "fisherman's paradise".

Over the past 4 decades, The Lodge at Little Duck has been extremely consistent in the practice of "catch and release". With only a few smaller fish being harvested each day for shorelunch, our vision of protecting a "world class fishery" through conservation efforts was many years ahead of its time. The winner of this initiative has always been our guests who reap the benefits of high numbers of Trophy Fish per fisherman that are caught on a daily basis.

There is little that can compare to the feeling you will experience in this untouched wilderness, while fighting a fish of a lifetime.

We hope to have the privilege of hosting your fishing adventure this year. Given the opportunity, we are confident we can provide you with a fun, exciting and quality fishing experience.

All you have to do is pick up the phone or send us an e-mail. We will take care of everything else. That's our promise to you.

"Whether your passion is fly-fishing, casting a lure, or both, the waters surrounding The Lodge at Little Duck is truly a fisherman's paradise."

WHAT SOME OF OUR FISHING GUESTS ARE TELLING US...

Awesome, Awesome, Awesome!!! The fishing was outstanding. The accommodations and staff were excellent. After being here the year prior, I could really see all the improvements you have made. I look forward to coming back next year again and "rip some lips". Also want to book a caribou hunt with you in 2014!!
JONATHON TOMARES, MD

While shopping for a new fly fishing adventure at the SCI Convention, Jessica and I met and talked to Dave Fisher from The Lodge at Little Duck on the first day of the show. As we were to learn, Dave runs a high quality operation from top to bottom starting with efficient pre-trip planning, and on the ground coordination. Because of my sometimes erratic work schedule, I was able to connect with Dave at all hours of the day (not only during business hours) which helped a lot and was very much appreciated. Although the lodge itself sits in the middle of the Sub Arctic Wilderness, they make getting here

extremely easy.. The whole fishing experience was way more than we could ever have anticipated. The accommodations were very comfortable, the meals were great, and the relaxed atmosphere made for a very special trip. The only change we felt was needed over last year was to book our fishing trip for 9 days this year instead of 7. We will also be adding a few more guests to this year's trip, and can't wait to get up again. Additionally, we want to book a Caribou or Moose Hunt with Dave for this fall.
JEFF & JESSICA KIMBELL, WASHINGTON DC

"The fishing was great and the quality and quantity of the fish is tremendous. The hospitality was exceptional and the meals were well prepared and delicious. Our guide was very knowledgeable and made every day extremely fun, interesting and exciting for us."

HUNTING

Come and Hunt for Central Barren Ground Caribou in Northern Manitoba, Canada, Sometimes Referred to as “The Serengeti of the North”.

Imagine yourself on the open tundra hunting for Trophy Central Barren Ground Caribou in the middle of the Canadian Sub Arctic Wilderness. The only thing that might compare is knowing at the end of the day you are heading back to the warmth and comfort of a Northern 5 Star Lodge.

Actually, The Lodge at Little Duck is the only full service lodge that sits in the middle of the annual migration routes of the Qamanirjuaq Caribou Herd that is estimated at 450,000 animals.

Our Caribou season runs from the first to the fourth week of September. Traditionally, The Lodge at Little Duck has stayed open one week longer than most outfitters and although the weather can sometimes be challenging, the hunting can be fantastic.

We consider ourselves privileged to have over 500 square miles of prime Caribou hunting habitat at our disposal. The rolling landscape is not hard to negotiate and combined with the use of boats allows us to tailor a hunt to an individual’s preference or physical ability.

Whether you prefer to hunt with rifle, bow or black powder, we can put together a world class hunt for you. Hunters return at the end of the day to a hot shower in the privacy and warmth of their own cabin. Before settling down to a chef prepared dinner, everyone gathers in the Main Lodge to share in the adventures of the day while snacking on freshly prepared appetizers and sipping ones favourite cocktail.

We also offer the opportunity to harvest an Arctic Wolf as part of your package. Ask us for details. Fishing in September is fantastic and is also included in your hunting package. We even supply quality rods, reels and tackle.

Most hunters young and old seem to have a Caribou Hunt on their “bucket list”.

If this is the year that will see you scratch this hunt off your list, please don’t hesitate to contact us to book your hunting adventure.
